

XXIII Conference of the European Association of Fisheries Economists  
Dublin Castle, April 25 – 27, 2017

# EAFE 2017 CONFERENCE DUBLIN TIME PLANNER

Welcome Reception and Early Registration - Trinity College Dublin, Dining Hall Atrium – April 24th, 18:00

Tuesday 25th April

9:00	Registration		
10:00	Plenary Session 1 (Main Hall) Greetings from EAFE President, Director of Fisheries BIM		
11:00	Coffee Break		
	<b>Le Touche (Ground Floor)</b>	<b>Main Hall (Lower Level)</b>	<b>President (1st Floor)</b>
	<b>Session 1: Markets and marketing of fish products</b> Chair: Bertrand Le Gallic (UMR-AMURE, UBO)	<b>Session 2: Fishermen's behaviour, economic entrepreneurship in a changing environment</b> Chair: Hans Van Oostenbrugge (Wageningen Economic Research)	<b>Session 3: The need for integrated advice and transdisciplinarity in fisheries management: bioeconomic models, mental models and narratives working together</b> Chair: Leyre Goti (Thünen Institute of Sea Fisheries)
11:30	Avdelas Lamprakis - Consumers preferences for certified seafood in Greece	11:30 Heleen Bartelings - Competitiveness of European fisheries and aquaculture: a CGE approach	11:30 Keith Criddle - The Economic Importance of Wild Pacific Salmon
11:50	Arnar Buason - Fond of fish? A count data analysis of how frequently French consumers purchase seafood	11:50 Klaas Sys - The effect of information sharing among fishers on the tactical decisions of beam trawlers	11:50 Pascal Le Floch - Exploring the more appropriate spatial scales towards an EBFM: lessons from the French experiences through a multidisciplinary approach
12:10	Julia Bronnmann - Sustainable seafood from aquaculture and wild fisheries: insights from a discrete choice experiment in northern Germany	12:10 Sanmitra Gokhale - Understanding financial risk for fishers and the role of diversification	12:10 Tin-Yu Lai - The role of food web interactions in multispecies fisheries management: an optimal bioeconomic analysis of Baltic salmon
12:30	Ignacio Llorente - Description of the seafood value chain in the EU	12:30 Thorolfur Matthiasson - Resource rent spillovers to fishers remuneration	12:30 Discussion
12:50	Discussion	12:50 Discussion	
13:00	Lunch		

	<b>Session 4: Markets and marketing of fish products</b> Chair: Miguel Peña-Castellot	<b>Session 5: On Public Support</b> Chair: Dominique-Philippe Leveil (European Commission)	<b>Session 6: Implementation of the CFP Quota management</b> Chair: Claire Macher (IFREMER, Université Brest)
14:30	Chiara Bacci - EU consumer habits regarding fishery and aquaculture products	14:30 Conceicao Santos - EU structural funds used for blue growth	14:30 Claire Macher - An individual-based bio-economic model to investigate trade-offs in quota governance systems in the Bay of Biscay sole fishery
14:45	Leonidas Papaharisis - Market integration of new Mediterranean farmed species meagre and red porgy in Greece	14:40 Gilles van de Walle - Supporting small-scale coastal fisheries in Europe, the role of Fisheries Local Action Groups (FLAGs)	14:45 Debbi Pedreschi - Re-inventing the wheel: an alternative fisheries management system.
15:00	Olafur Klemensson - How the Icelandic fish processing has improved performance and increased value creation through applying new processing technologies	14:50 Gioacchino Fazio - The economic impact of the EFF on competitiveness of sicilian fish companies	15:00 Margarita Andrés - Implementing the fleet sequential behavior in MSE: the case of the Basque inshore fleet.
15:15	Angelos Liontakis - Market integration of the main fish species in Greece	15:00 Johan Blomquist - Effects of fishery subsidies: reinvestments and socioeconomic effects of the Swedish scrapping program 2008-2009	15:15 Itsaso Carmona Igartua - Portfolio theory as a tool to operationalize Ecosystem-Based Fisheries Management: the case study of Basque inshore fishery
15:30	Discussion	15:10 Discussion	15:30 Kane Elimane Abou - Dilemma of Admissible Catches of Individual Quotas: A Bioeconomic Illustration of Gaming Theory in Mauritania-EU Fisheries Agreements
			15:45 Discussion
16:00	Coffee Break		
	<b>Session 7: Markets and marketing of fish products</b> Chair: Bertrand Le Gallic (UMR-AMURE, UBO)	<b>Session 8: Special session: On Public Support</b> Chair: Dominique-Philippe Leveil (European Commission)	<b>Session 9: Economic Indicators for sustainability monitoring</b> Chair: Richard Curtin (BIM)
16:30	Ignacio Llorente - Price integration in the Spanish seafood value chain	16:30 Miguel Peña - Castellot - EU spending vs other big 6 spending (conclusion of 2016 study)	16:30 Brian Burke - Modelling multispecies whitefish price dynamics
16:50	Avdelas Lamprakis - Price interactions of farmed seafood products in the Greek market	16:50 Rod Cappell - MS fleet performance vs EFF investment	16:50 Dario Pinello - Fisheries socio-economic sample survey in Italy: the importance of the non-statistical aspects

17:10	Yvonne Feucht - What do German consumers think about labelling, seafood guides and other information about (sustainable) seafood?	17:10	Jordi Guillen - Importance of the structural funds for the EU aquaculture sector	17:10	Gonzalo Rodríguez Rodríguez - Effect of climate change in mussel prices in Galicia (Spain): consequences for management.
17:30	Stephen Hynes - Attitudes and willingness to pay for sustainably produced salmon: An Irish and Norwegian comparative study	17:30	Discussion	17:30	Hans Van Oostenbrugge - Economic Effects of seabed protection on the Frisian Front and Central Oyster Grounds, "hard science in a soft process"
17:45	Discussion	17:45	Discussion	17:45	Discussion
18:00	Wine reception				

End of First Day

## Wednesday 26th April

9:00	<b>Keynote Speaker: Professor Daniel Bromley (University of Wisconsin-Madison) An Honest Fishery Policy for Europe: Governance, Access, and Sustainability</b>				
	<b>Le Touche (Ground Floor)</b>		<b>Main Hall (Lower Level)</b>		<b>President (1st Floor)</b>
	<b>Session 10: Markets and marketing of fish products</b> Chair: Maria Cozzolino (NISEA)		<b>Session 11: Economic Indicators for sustainability monitoring</b> Chair: Jordi Guillen (Joint Research Centre)		<b>Session 12: Social dimension of fisheries: contributions from qualitative research to improve economic policy uptake and impact</b> Chair: Emmet Jackson (BIM)
10:00	Christophe Vande Weyer - Interim assessment of PMPs	10:00	Natacha Carvalho - Fleet dependency on stocks subject to TACs	10:00	Arne Kinds - Understanding technological innovation in the Belgian fishery from a regulatory, socio-economic and governance perspective
10:15	José L. Fernández Sánchez - Economic Analysis of the European Fish and Seafood Value Chain	10:15	Philip Rodgers - On the Question of the Cost of Capital	10:15	Daniel Skerit - The extent and role of non-local workers in the EU fisheries sector
10:30	Cecilia Hammarlund - European Union fishing access agreements and fishery exports of African countries	10:30	Richard Curtin - Assessing unit costs within mixed fisheries for the Irish whitefish fleet	10:30	Estelle Jones - Economics or ethics? Pay gaps between domestic and international fishers
10:45	Discussion	10:45	Discussion	10:45	Discussion
11:00	Coffee Break				
	<b>Session 13: The Galway agreement: opportunities to learn from the different perception of fish products in the EU, USA and Canada</b> Chair: tbc		<b>Session 14: Implementation of the CFP including Industry speaker: Barrie Deas (NFFO)</b> Chair: Raúl Prellezo (AZTI-Tecnalia)		<b>Session 15: Social dimension of fisheries: contributions from qualitative research to improve economic policy uptake and impact</b> Chair: Natacha Carvalho (Joint Research Centre)
11:20	Paola Reale - Trans-Atlantic cooperation: Aquaculture business, research and education priorities	11:20	Barrie Deas - The Future of UK Fisheries in the Context of Uncertainty	11:20	Rannvá Danielsen - Evaluating the socioecological performance of fisheries management in the Faroe Islands

11:40	Halley E. Froehlich - Public perceptions of aquaculture: evaluating spatiotemporal patterns of sentiment around the world	11:35	Griffin Carpenter - Understanding the impact of different Brexit scenarios on the UK's fishing fleet	11:40	Thomas Nyrud - Fisheries in the north of Norway – Direct and indirect effects on employment and economic activity in coastal communities
12:00	Kolbrun Sveinsdottir - Motives and barriers for seafood consumption: Consumer perception in five European countries	11:50	Simon Mardle - Competitiveness of scallopers in the English Channel	12:00	Tobias Belschner - The policy objectives of the CFP – Challenges and solutions
12:20	Bertrand Le Gallic - Which potential for the development of (European) seafood products: an analysis of the perception of French consumers.	12:05	Arina Motova - SEAFISH bioeconomic model: enhanced utilisation of data available for policy support	12:20	Discussion
12:40	Discussion	12:20	Jennifer Russell - SEAFISH bioeconomic model: Choke Points and Problem Stocks for UK Fleet under the Landing Obligation, 2017-2019		
		12:35	Discussion		
12:50	Lunch				

<b>Session 16: Implementation of the CFP with Industry speaker: Gerard van Balsoort (PFA)</b> Chair: Simon Mardle (Fishor)	
13:40	Gerard van Balsoort - Outlooks for the European pelagic sector
13:55	Marta Moran Quintana – Economic performance of the UK king scallops fishing fleet
14:10	Luca Mulazzani - Individual transferable effort quotas for the Italian fisheries? A preliminary analysis
14:25	Raúl Pallezo - A dynamic general equilibrium model for the economic assessment of EU fisheries policies
14:40	Discussion
15:10	Coffee Break

<b>Session 17: Plenary session 4: The bioeconomics of gear selectivity adaptation and the Landing Obligation with Industry speaker: Sean O'Donoghue (KFO)</b> Chair: Michael Keatinge (BIM)	
15:30	Sean O'Donoghue - The impacts of the Landing Obligation and industry adaptation strategies
15:45	Richard Curtin - Economic assessment of BIM gear selectivity trials 2013-2016
16:00	Katia Frangouides - Stakeholders' opinion about the Landing Obligation and transformations of Social, Economic and Ecological systems of EU fisheries
16:15	Eckhard Bethke - Overfishing as a legitimate management goal
16:30	Coilin Minto - Within-year modelling of gear changes in the Irish Celtic Sea whitefish fishery
16:45	Discussion
17:00	EAFE General Assembly
<b>End of Second Day</b>	
18:30	Bus to Social Dinner
19:00	Social dinner

## Thursday 27th April

9:00	<b>Keynote speaker:</b> <b>Professor Ragnar Arnason (University of Iceland) – 'Fisheries Management: What works and what doesn't'</b>		
	<b>Le Touche (Ground Floor)</b>	<b>Main Hall (Lower Level)</b>	<b>President (1st Floor)</b>
	<b>Session 18: Access to fisheries and the right to fish</b> Chair: Philip Rodgers (University of Lincoln)	<b>Session 19: Role of small-scale fisheries: examples of innovation, adaptation and participation</b> Chair: Arantza Murillas (AZTI-Tecnalia)	<b>Session 20: Aquaculture: Best practices in management and commercialization</b> Chair: Bertrand Le Gallic (UMR-AMURE, UBO)
10:00	Manuel Pacheco Coelho - Producers organisations, cooperation and fisheries sustainable development: The Portuguese Case	10:00 Hugo Ballasteros - Good and bad poachers: lessons for the shellfish resources management from Galician Shellfish gatherers communities.	10:00 Jarno Virtanen - Added value of nutrient neutral growth in Finnish aquaculture sector by nutrient recycling
10:15	Griffin Carpenter - Who has the right to fish? The distribution of fishing opportunities in Europe	10:15 Antonio Alvarez - Assessing the technology and technical efficiency of artisan fishing boats	10:15 Magdalena Raftowicz-Filipkiewicz - Determinants of specific carp supply chain in the Lower Silesia Province in Poland
10:30	Melina Kourantidou - A Case for the Commons: The Snow Crab in the Barents	10:30 Fabienne Daures - Promoting coastal fisheries products in a competitive environment: the French case of the seabass Breton label "Bar de ligne de la pointe Bretagne"	10:30 Mona Dverdal Jansen - The salmonid industry cost of controlling the spread of pancreas disease in Norway
10:45	Discussion	10:45 Discussion	10:45 Discussion
11:00	Coffee Break		
	<b>Session 21: Access to fisheries and the right to fish</b> Chair: Staffan Waldo (Swedish University of Agricultural Sciences)	<b>Session 22: Role of small-scale fisheries: examples of innovation, adaptation and participation</b> Chair: TBC	<b>Session 23: Aquaculture: Best practices in management and commercialization</b> Chair: Maria Cozzolino (NISEA)
11:30	Hans Ellefsen - Trial auctions in the Faroe Islands in 2016	11:30 StaffanWaldo - Can coastal fisheries coexist with seals?	11:30 Roberto Furesi - Economic performances and sustainability related to use of innovative feed in aquaculture: empirical evidences from the Italian farming
11:45	Manuel Pacheco Coelho - Lessons from the "Turbot War"; The future of high seas governance	11:50 Marga Andrés - Fish trap impacts in the Red Sea	11:50 Suzanne van Osch - Estimating the European Publics' Value for Sustainable Aquaculture in Europe - A Country Comparison
12:00	Robert Arthur - Institutions, power and agency - The socio-economic interface of fisheries governance reform	12:10 Richard Curtin - The bioeconomics of the north Irish Sea razor fishery	12:10 Tobias Lasner - How to maintain Carp Farming in Europe – A Matter of Region-Marketing?
12:15	Sezgin Tunca - Cooperative vs Non-Cooperative Benefits in the Black Sea Anchovy Fishery		
12:30	Discussion	12:30 Marta Moran Quintana - Economic performance of the UK king scallops fishing fleet	12:30 Discussion
		12:50 Discussion	
13:00	Lunch		
		<b>Session 24: Plenary session 6: European small-scale fisheries: valuation and interaction of recreational and commercial fisheries</b> Chair: Miguel Peña-Castellot (European Commission)	
		14:00 Cristina Pita - Small scale fisheries in Europe: challenges and opportunities for the future	
		14:10 Benoit Guerin - Understanding grassroots' factors explaining influence of the small-scale fishing segment in fisheries management in the European south western waters	
		14:20 Alex Crowley - The evolution of SSCF representation in Ireland and how the EFF/EMFF has supported this, through the eyes of an Irish SSCF	
		14:30 Natacha Carvalho - Socio-Economic Importance of Small-Scale Fisheries in EU Fisheries Coastal Communities	
		14:40 Discussion	

15:30	Coffee Break
	<b>Session 25: Plenary session 7: European small-scale fisheries: valuation and interaction of recreational and commercial fisheries</b> Chair: Miguel Peña-Castellot (European Commission)
16:00	Juan Aga - Impact of individual fishing quota on small scale fisheries in the Gulf of Mexico
16:10	Arantza Murillas-Maza - Enhancing Small Scale Fishing Sector's participation in decision-making
16:20	Amaya Vega - Small versus large-scale fishing operations in Ireland: Understanding the socio-spatial dimension of small scale fisheries
16:30	Leyre Goti - Small scale fisheries and participatory conservation measures in protected areas: can a more economic and social approach to the CFP reconcile biodiversity with provision and cultural ecosystem services?
16:40	Angel Calvo - The annual economic report and the economic relevance of the SSCF in Europe
16:50	Discussion

**Closure of the conference**
